Indian Mastiffs are very intelligent, noble working dog breed. They are easily trainable; loyal and protective of their human family; good with kids. They can easily adapt to any type of home. Their overall health is very good, and do not found any special health-related problems.

Its powerful, huge, valorous look with extreme strength attracted Alexander & many war leaders.

The Assyrian kings of ancient civilization of Assur, uses Indian Mastiff for the chase of wild animals.

Roman & British people used its pure bloodline to develop most known Mastiff types of world.

These working dogs originally used for guarding purposes by farmers and landlords. Later, Dog fights became very popular and fighter groups has created many breeding lines aka bloodlines named after champion dog. The most popular of them are-

TIGER Shabbuwala, MICHEAL Chautala, MOUZER Baniwala, SUJALPUR, GHARSANA, SHERU China sandhuwala, KHAN, LUGAR

Variations often seen with face and height structure of new (import) lines; It is the result of mix breeding with Great Dane, English Mastiff, Gull-terrier, Hounds, Pitbull, etc. for fighting and show purpose.

Still, body structure of old lines tops in audience of Indian Mastiff Dog.
